FOR IMMEDIATE RELEASE

WATERTECH PRESIDENT JOSEPH RUSSELL ELECTED TO ASSOCIATION OF WATER TECHNOLOGIES BOARD

Milwaukee, WI – Watertech of America, Inc. is pleased to announce that president Joseph Russell has been voted onto the board of directors of the Association of Water Technologies (AWT).

Headquartered in Atlanta, AWT is a non-profit trade organization representing over 500 regional water treatment companies throughout the United States and internationally. All members of the AWT leadership are committed to core values that include promoting cutting edge technology, collaboration and continually raising industry standards.

“I am looking forward to making a difference on a national level,” stated Russell. “Watertech has committed to water sustainability throughout the upper-Midwest for decades. Being able to expand knowledge based solutions beyond our regional borders is very exciting.”

Russell began his career in water treatment through a student CO-OP with Watertech of America, Inc. in 1987 while attending the University of Wisconsin-Milwaukee. Over the past 24 years at Watertech, he has served in various capacities related to the sales, service and support of their customers, as well as the day-to-day operations of the business. In 1998, Joseph became the principal owner of Watertech and has served as its President since then.

About Watertech of America

Located in Hales Corners, Watertech of America combines total system management with chemical and equipment expertise for the treatment of water and wastewater for the industrial and commercial markets.
